VIRGINIAH MUTHONI

FREELANCE VIRTUAL ASSISTANT | DATA ENTRY | DOCUMENTATION | WEB DEVELOPMENT

Kiambu, Kenya | 0111612590 | virginiamuthoni@gmail.com

PROFESSIONAL PROFILE

Detail-oriented freelance professional with a background in Information and Communication Technology (ICT). Interested in supporting individuals and businesses with data entry, document preparation, online research, administrative tasks, and simple website projects. Brings practical exposure to office support, records handling, computer troubleshooting, and software installation through industrial attachments. Focused on accuracy, confidentiality, clear communication, and continuous skills development.

FREELANCE SERVICES

Data entry and data organisation: Entering, checking, and organising information carefully.

Document preparation: Formatting and preparing business documents and digital files.

Virtual and administrative support: Assisting with routine office tasks, information organisation, and follow-ups.

Web research: Finding and organising information from online sources.

Basic website development: Building and updating simple web pages using HTML and CSS while continuing to develop practical skills.

Basic ICT support: Supporting software installation, basic troubleshooting, and computer-related tasks.

Digital business support: Helping prepare business profiles and other basic digital materials.

CORE SKILLS

• Data entry and records management • Document formatting and file organisation

• Computer applications and digital tools • Basic hardware/software troubleshooting

• Software installation and configuration • HTML and CSS fundamentals

• Website content and layout basics • Attention to detail and organisation

• Teamwork and customer/staff support • Willingness to learn and adapt

PRACTICAL EXPERIENCE

ICT / Office Support Attachment — Department of Children Services, Gatundu, Kenya

- Assisted with data entry, records handling, and organisation of office documents.
- Supported staff with basic computer-related tasks and routine office activities.
- Helped with basic troubleshooting and software-related tasks when assigned.
- Handled assigned information carefully and worked within office procedures.

Technical Support Attachment — GlobalTech Elevators, Ruiru, Kenya

- Gained practical exposure to technical support tasks in a workplace environment.
- Assisted with assigned duties and supported day-to-day operations.
- Worked with team members, followed instructions, and developed workplace problem-solving skills.
